

COMMUNITY DIRECTOR UPDATE NOVEMBER 1, 2026

COMMUNITY NEWS

Utility Bills: Use wisely today. Save tomorrow.

As we move forward with the Utility Allowance (UA) Program implementation process, October marked the arrival of your first Utility Allowance (UA) Program bill. Please be mindful that the charges or rebates reflected on your November statement are based on your utility usage from October.

As you continue participating in the UA Program, practicing energy and water conservation can help reduce future utility costs and may even result in a rebate. Small changes make a big difference!

Please visit the dedicated UA Program website for conservation tips, videos, and other UA Program resources at HuntMilitaryCommunities.com/Air-Force-Utility-Allowance-Program.

WINTER READINESS STARTS AT HOME

A few simple steps now can help prevent costly repairs, protect your home, and keep your family comfortable all season long. Use these quick winter maintenance tips to stay ahead of colder temperatures:

- **Protect outdoor plumbing:** Disconnect and drain garden hoses, and turn off exterior water shut-off valves or install insulated faucet covers.
- **Stock up on winter supplies:** Have essentials on hand, including snow shovels, ice melt, flashlights, batteries, and other emergency kit supplies.
- **Replace your furnace filter:** Keep your heating system running efficiently by checking and replacing your furnace filter every 4 to 6 weeks during the winter months. A clean filter helps improve airflow, lower energy use, and keep your home warm and comfortable.
